Hi Undine,

Hope you had a great Thanksgiving! I'm assuming no news is still good news--there are still no adverse comments--and all will be good for the permit issues on 1/18/22. Let me know if there's anything we need to do on this end.

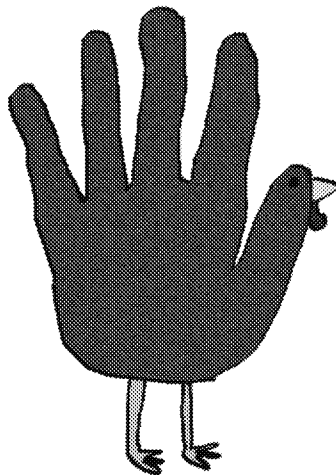

All the best,  
Scott

There have *thankfully* been no adverse comments that have come in on the air permit just yet, which will make for a relaxing holiday and weekend! I'll reach back out next week if we're unlucky and that changes, but otherwise will get back in touch after December 6.

I am incredibly grateful for your help and advice throughout this whole process as well.

Hi Undine,

Thanks for the update—and all the hard work that has gone into this! I was thinking this morning about you all on this.

Have a great Thanksgiving holiday weekend and we'll touch base early next week if you want to talk more about this.

All the best,  
Scott

Hi Scott and Barbara,

You may have heard/seen this already, but the South Fork ROD was just published today. Please see the email thread below. There was about a month delay from the tentative date of October 20 due to some last minute signature complications on NHPA Section 106.

We still plan to issue the air permit on January 18, 2022, with us making to sure to stay in touch with you after our second public notice period ends on December 6. In case you don't have this handy, the details on the public notice are available here:

<https://www.epa.gov/caa-permitting/caa-public-comment-opportunities-region-1>

Happy Thanksgiving!

Undine Kipka

**Subject:** South Fork Wind Farm - Record of Decision

Good Afternoon Cooperating Agency Representatives -

The Record of Decision for the South Fork Wind Farm Project is now published.

<https://www.doi.gov/pressreleases/interior-department-approves-second-major-offshore-wind-project-us-federal-waters>

## Interior Department Approves Second Major Offshore Wind Project in U.S. Federal Waters

As part of the Biden-Harris administration's goal to deploy 30 gigawatts (GW) of offshore wind energy by 2030, the Department of the Interior today announced it has approved the construction and operations of the South Fork Wind project offshore Rhode Island.

[www.doi.gov](http://www.doi.gov)

Thank you for your participation over these 3+ years for this project.

Have a wonderful Thanksgiving.

Mary
